CHAUTAUQUA LAKE

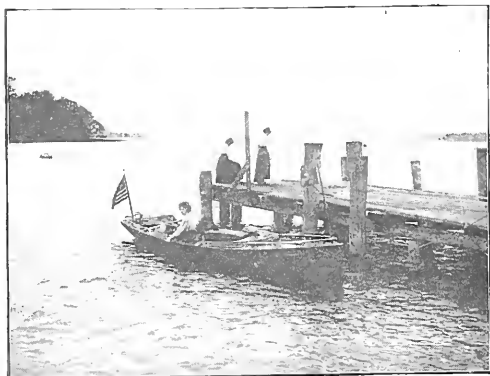

The fame of Chautauqua Lake and the Chautauqua Assembly is world-wide. Each year this beautiful lake is visited by thousands of intelligent people, not only by those who wish to avail themselves of the advantages of the Chautauqua Assembly in connection with their summer recuperation, but also by those in search of rest and recreation only—for the shores of the lake throughout its entire length of twenty miles are dotted with hotels, camps and summer cottages. It is fed entirely by springs, and its high altitude—1,450 feet above the sea—insures health and comfort. Chautauqua Lake, considered from any point of view, is one of the most charming resorts on the American continent. It is the radiantly beautiful gem of a section famed far and wide for its beauty and the salubrity of its climate. There is a subtle charm, an alluring fascination, in the wooded hills and shores, the bright, sparkling waters, and the almost numberless summer places, which is irresistible.

REACHED BY THE ERIE RAILROAD

The Erie Railroad, the Picturesque Trunk Line of America, is the most direct route to Chautauqua Lake, and is the **only** line **without change** from New York, Boston, Buffalo, Cleveland, Cincinnati and Chicago. Its solid vestibuled trains, consisting of luxurious day coaches, sleeping cars and dining and café cars, are everywhere protected by block safety signals. The dining car service, which is maintained on a high standard by the Railroad Company itself, is worth especial mention. Breakfast, dinner and supper in regular dining cars are served **a la carte**, and the passenger pays only for what is ordered. Dinner, with an elaborate menu, is served at the uniform price of one dollar. In the café cars meals are served **a la carte** at all hours.

All the Erie's through trains during the summer stop at Lakewood—the Newport of the lake—noted for its fine hotel, the Kent House.

At Lakewood direct connection is made with the Chautauqua Traction Company's new line to the Chautauqua Assembly Grounds and Bemus Point, and also with swift and commodious steamers to all landings on the lake, including the Chautauqua Assembly Grounds. Baggage may be checked through to the grounds.

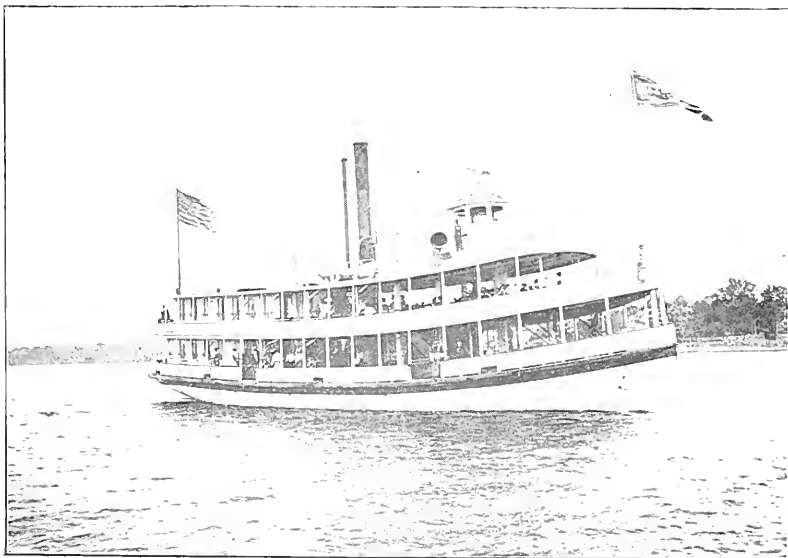

*Stop-over at Lakewood (Chautauqua Lake) is allowed—on notice to Conductor
—from June 1st to September 30th, on all through tickets via the Erie.*

SPECIAL CHAUTAUQUA LAKE EXCURSIONS

JULY 8 AND JULY 29, 1904

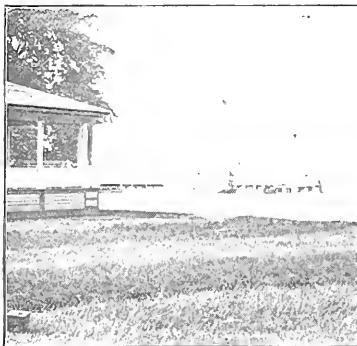

The Erie Railroad Company announces two special Midsummer Excursions to Chautauqua Lake for the season of 1904, from New York, Chicago, Cincinnati and intermediate points, tickets to be sold and good, going, **July 8th and July 29th**, and good for return at any time within thirty days from going date.
